

2016 SUMMER CAMP

BRIDGE IS FUN!

Bridge helps young people strengthen basic math and logic skills. It gives them a chance to practice teamwork with new and old friends. The campers learn from each other - and from teachers and mentors - in a fun environment.

PARENTS

Are you constantly looking for fun ways to expand your children's or teenagers' horizons? Do your youngsters become restless in the summer? Silicon Valley Youth Bridge Summer Camp may be the solution you need!

STUDENTS

Do you like to play games or solve puzzles? Would you like to learn a challenging new game? Would you like to meet others who like the same things?

Have you taken some bridge lessons in a SiVY after school program or last year's summer camp? Have you wished you could learn faster or play more?*

If you answered yes to any of these, **Silicon Valley Youth Bridge** has a great summer camp for you!

If you are new to bridge, teachers will help you get started playing the best card game ever. If you already know how to play, the camp will give you the opportunity to practice with old and new friends, and the chance to ask lots of questions and improve your game.
