

Thermostat Settings

Heat

Monday-Friday:

Start heating to 68F at 7 am. This should allow the reasonable temperature for Kathys Tuesday morning class as well as our 10:30am games.

Stop heating (drop to 50F) at 2pm when most games are oompleting. The temperature should be good enough for the evening games to adjust the heat before their game.

You can manually change the temperature with the up/down arrows which will change the temperature until the next cycle at 5pm and also 1am.

Saturday-Sunday

Set to 50F all day.

Cool

Monday-Friday:

Start cooling to 78F (recommended AC setting) at 7am.

Turn off cooling (set to 90F) at 2pm. The temperature should be good enough for the evening games to adjust the cooling before their game.

You can manually change the temperature with the up/down arrows which will change the temperature until the next cycle at 5pm and also 1am.

Saturday-Sunday

Set to 90F all day.
